Dear Parents and Guardians

We are looking forward to celebrating Matariki next week. Please look out for more information about this wonderful evening.

The Backfield Sub Committee have met to look at the expressions of interest which have been made by various companies.

They have put together a survey for the community which outline three options, the pros and cons of each as well as the costs involved. Please take some time to read through the supporting docs or look at a couple of the videos and then make your preference known.

The survey will be available either in paper form (through pick up in the office) Facebook Link, Website Link or by following the link below.

The support material is on the website and the actual survey contains a number of short video clips. If these do not work on your browser, you can cut and paste the links below.

The information can be found on the website: <http://raumatibeach.ultranet.school.nz/Web/86/>

**SURVEY CLOSES: FRIDAY 30 JUNE.**

### **Parking**

It has been disappointing to see a number of parents using the Mobility Parks in the new parking area. These are for drivers who display a mobility card. Please do not use these parks. We have already been contacted by at least one parent who holds a mobility card, who was unable to find a car park to pick up their child, the cars parked in these spaces did not have the required permit. We ask that you cooperate in this matter.
