

RAUMATI BEACH SCHOOL

7 February 2020

Dear Parents & Guardians,

TEAM KAPITI – NEWSLETTER - TERM 1

A very warm welcome back to school! It's wonderful to see the students settled back and re-energised for the new year. A special welcome to families who are new to Team Kapiti, and also those new to RBS. It was lovely to meet and catch-up with so many of you at the Team Up Day interviews - please remember that you are very welcome to make an appointment to meet with us during the term. We would also like to welcome our new team member: Natalie Stone, who is teaching in Room 16. It's great to have her as part of the TK family.

The following is some information about our team, our learning and activities. Please do not hesitate to ask if you have any queries. We have a team Facebook page to help with information and updates. We are Team Kapiti: Raumati Beach School. We would like to post photos of our students in their learning, please let your child's teacher know if you do not give permission for this.

Team Leaders for 2020 are David Clare and Rose Adams. Both leaders have different roles within the team and look forward to working with a range of students and whanau. If you have any concerns or questions, your child's teacher is the first point of contact.

Who's Who in Team Kapiti

| | | |
|----------------------------|--------------------|--------------------------------------|
| Team Leader Room 14 | David Clare | dclare@raumatibeach.school.nz |
| Team Leader Room 15 | Rose Adams | radams@raumatibeach.school.nz |
| Room 13 | Karen McKay | kmckay@raumatibeach.school.nz |
| Room 16 | Natalie Stone | nstone@raumatibeach.school.nz |
| Room 17 | Amanda Jones | ajones@raumatibeach.school.nz |
| Room 18 | Jo Fothergill | jo@raumatibeach.school.nz |

A key aspect of this term is consolidating our culture of learning. We will do this by ensuring that all students are developing effective and settled work habits, and that they understand our behaviour expectations as a team and school.

Some Team/School "rules"

- students are not permitted to leave the school grounds, during school hours without being signed out by a guardian
- hats are required every day in Terms 1 and 4, please check that your child has a school hat
- correct uniform is expected: please send a note if your child needs to wear a non-regulation item
- phones are not permitted in-class; they are to be left at the school office each morning before 9am
- no lollies or soft drinks are to be brought to school. Dairy visits should be left until after school

Dates for this term

The school calendar is posted on the homepage of the school website (www.raumatibeach.school.nz). Please refer to this for updated information and extra dates for our team. We'll also use our Facebook page.

Excursions and Trips

Over the year, there may be some optional excursions (eg, parliament, Te Papa, shows, sports events). Notices will come home about the term's trips, often there are deadline dates for Kindo sign-up to enable us to confirm bookings. Please check for due dates to avoid disappointment!

Camp: Teapot Valley, Nelson

Team Kapiti Camp will run in either weeks 1 or 2, Term 4. A separate notice will come home in the coming weeks about Camp with details of cost, timeframes, fundraising etc. Payments are given in termly installments throughout the year. The total cost of the camp is approximately \$400.

Technology Centre Classes

All Year 7 and 8 students are involved in specialist technology learning at the Raumati Technology Centre. Our sessions are on Mondays for the year. There is a charge of \$65 for materials used which you can pay on Kindo through the school website. Your help in ensuring your child is ready for their technology class is appreciated:

- covered footwear
- long hair needs to be tied back
- no jewellery to be worn, other than plain ear studs
- a coat/rain jacket is appreciated for wet/cold days (we walk to technology).
- students working in the foods room will need a sealed container to take food home in.

Digital learning and activity

At times, we deal with incidents involving student mis-use of ICT *outside of school* which impacts on the behaviour and learning of students at school. We will continue to address issues as they arise, but are often powerless to resolve issues without home support. **We emphasise your role as parents in monitoring and regulating your child's use at home, particularly around social media platforms. We suggest:**

- keeping your child in family spaces and being aware of device use in "private" areas such as bedrooms
- Setting time limits, and being aware of your child sneaking late-night device time when parents have gone to bed
- Having access to your child's device and sites they use, and being aware of age limits on social media sites
- encouraging them to talk to you about any concerning content, posts or conversations
- Notifying the Police of concerning, ongoing posts/interaction.

We love the engagement that students are showing in their learning through using ICT at school and at home. Thank you for working collectively as a community to ensure that this usage stays safe and positive for all students. Please do not hesitate to talk with us about this.

Homework

As per our school policy, Team Kapiti has a homework framework to support learning outside of school. We aim for this to align with college expectations: students are expected to work on tasks from the week's learning at home if needed, to meet deadlines in class. Often there will be projects that will need some extra time spent at home. We aim for this to be self-managing and flexible to home arrangements (we no longer send home weekly homework sheets/tasks). Please email the class teacher if you do not wish your child to complete homework tasks.

Home learning for all classes will include tasks such as:

- Completing any unfinished work from the day's learning
- Class tasks or projects to build on class learning
- Online practice sites (eg, Sumdog, Studyladder) as set out on your child's Google Classroom
- Reading daily: books, newspapers etc

Tutoring

We have had some inquiries about out-of-school tutoring, we have talked to the college and have some Year 12 and 13 Kapiti College students who are interested in being math tutors. If you are interested in a tutor for maths for your child, please email Dave Clare dclare@raumatbeach.school.nz who will organise contact for you.

Thank you for your continued support of learning in Team Kapiti. We're looking forward to an exciting year! Please do not hesitate to contact us with any queries.

Kind regards, Nga mihi nui,

Team Kapiti Kaiako
